**Creating a Trustworthy
Culture:** Helping leaders to
win back trust

intelligentethics.com

How can I create a culture of trustworthiness in my organisation?

Why is there a perceived disconnect between what we say and what we do?

We can help you by:

- Designing, developing and expertly facilitating inclusive leadership training and values-based coaching that inspires curiosity and continuous learning
- Creating working conditions that encourage a culture of trust built on core values and behaviours such as challenge, collaboration, recognition, openness and fairness
- Optimising engagement with all stakeholders and embedding well-being and whole-person growth strategies to inspire and motivate employees to act with rigour
- Building a strength-based relational culture where employees are empowered and encouraged to want to **do the right thing**

“Tracey is dedicated, committed and extremely focused on her work with clients on ethics, trust and governance. I really admire her passion in building trust in society. Quite simply it just shines through.”

Neil Sherlock CBE Former Special Adviser to Deputy Prime Minister, Nick Clegg

Named in Top Ten Women in Finance City AM, 2016
